

PATEL WEB SOLUTION

We believe in quality

Main Branch 1:
318-Maruti Plaza, Krishnanagar, Ahmedabad

Branch 2:
210 to 212, Town Plaza, Nikol, Ahmedabad

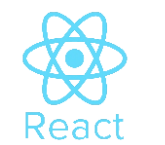

Branch 3:
1004, 10th Floor, Iconic Shyamal Cross Road,
Satellite

Mobile: +91 9662814474 / +91 9316668388

Website: www.patelwebsolution.com

Professional Data Science & AI Course

Level : 1 Python Programming & AI Productivity

- ➔ Python Fundamentals: Introduction to Python, Python Installation, Variables, Data Types, Type Conversion, Operators, User Input & Output, Strings, Comments. **Mini Practice:** Calculator, Temperature Converter
- ➔ Conditional Statements, Loops, break, continue, pass; Data Structure: List, Tuple, Set, Dictionary, List Comprehensions; **Mini Practice:** Student Record Management
- ➔ Functions, Modules and Packages, Exception handling, File Handling, Python Environment; **Mini Practice:** Expense Tracker
- ➔ Object Oriented Programming, Development Tools, AI Productivity; **Mini Projects (Choose One):** Student Management System, Library Management System

Level : 2 Mathematics & Statistics for Data Science

- ➔ Descriptive Statistics, Probability; **Mini Practice:** Customer Purchase Analysis
- ➔ Probability Distribution and Sampling; **Mini Practice:** Sales Forecast Sampling Exercise
- ➔ Statistical Inference, Relationship Analysis, Business Applications: A/B testing, Business KPIs, Decision Making with statistics; **Mini Practice:** Marketing Campaign Analysis

• Computer / IT Job Oriented Courses • Job Placement • Final Year Project Training • Logo, Broucher, Visiting Card Design

• Spoken English / IELTS • College Admission • 15/45 Day's Internship • Website / Software / Mob.App.Development

PATEL WEB SOLUTION

We believe in quality

Main Branch 1:

318-Maruti Plaza,Krishnanagar,Ahmedabad

Branch 2:

210 to 212,Town Plaza,Nikol,Ahmedabad

Branch 3:

1004, 10th Floor, Iconic Shyamal Cross Road, Satellite

Mobile:+91 9662814474/ +91 9316668388

Website:www.patelwebsolution.com

- ➔ Linear Algebra: Scalars, Vectors, Metrics, Matrix Operations, Overview of Calculations; **Case Studies:** Customer Conversion Analysis, Marketing Campaign Analysis, Business KPI Analysis

Level : 3 Data Analysis with Python

- ➔ **Numpy, Pandas;** **Mini Practice:** Explore a retail sales dataset.
- ➔ Data Cleaning, Data Transformation; **Mini Practice:** Clean and prepare customer transaction data.
- ➔ EDA, Feature Engineering; **Mini Practice:** Perform EDA on an e-commerce dataset and engineer useful features.
- ➔ **Matplotlib, Seaborn, Plotly;** **Mini Projects (Choose One):** Netflix Data Analysis, IPL Data Analysis, Superstore Sales Analysis

Level : 4 SQL for Data Science

- ➔ Database Fundamentals, SQL basics; **Mini Practice:** Explore an employee database.
- ➔ Aggregate functions, Grouping, Joins; **Mini Practice:** Customer–Orders Analysis.
- ➔ Advanced SQL: subqueries, CTE, views; Window Functions; Analytical SQL Patterns: Top N analysis, Cohort-style Queries (Introduction), Customer Segmentations, Rolling Averages; **Mini Practice:** Sales trend and customer ranking analysis.
- ➔ Data Preparation with SQL, Query Optimization: Index, Execution Plans, Writing efficient queries; **Mini Project:** E-commerce Database Analytics

• Computer / IT Job Oriented Courses • Job Placement • Final Year Project Training • Logo, Broucher, Visiting Card Design

• Spoken English / IELTS • College Admission • 15/45 Day's Internship • Website / Software / Mob.App.Development

Website:www.patelwebsolution.com

Level : 5 Machine Learning (ML)

- ➔ Introduction to Machine Learning, AI vs ML vs DL, Machine Learning workflow, Core concepts: train/ validation/ test, Bias variance Tradeoff, Underfitting vs Overfitting; **Mini Practice:** Iris Classification Workflow
- ➔ Data Preprocessing, Feature Engineering, Feature Selection; **Mini Practice:** Customer Dataset Preprocessing
- ➔ Linear Regression, Ridge, Lasso Regression, Elasticnet, Regression Metrics; **Mini Project:** House Price Predictio
- ➔ Logistic Regression, KNN, Naive Bayes, Support Vectors, Classification Metrics; **Mini Practice:** Email Spam Detection or Disease Prediction
- ➔ Decision Trees, Random Forest; **Mini Practice:** Employee Attrition Prediction
- ➔ Ensemble Learning, Adaboost, Gradient Boosting, XGBoost, LightBoost; **Mini Project:** Credit Risk Prediction
- ➔ Clustering: KMeans, Hierarchical, DBSCAN, Dimensionality Reduction, Cluster Evaluation; **Mini Practice:** Customer Segmentation
- ➔ Model Evaluation and Hyperparameter Tuning, Pipeline
- ➔ Explainable AI, **End-to-End ML Project (Choose One):** Customer Churn Prediction, Credit Risk Prediction, House Price Prediction, Employee Attrition Prediction

• Computer / IT Job Oriented Courses • Job Placement • Final Year Project Training • Logo, Broucher, Visiting Card Design

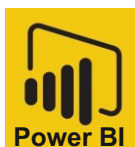

• Spoken English / IELTS • College Admission • 15/45 Day's Internship • Website / Software / Mob.App.Development

Website:www.patelwebsolution.com

Level : 6 Deep Learning

- ➔ Introduction to Deep Learning, Tensorflow and Keras, Training Concepts, Optimizers, Loss functions; **Mini Practice:** Predict student scores using a simple neural network.
- ➔ Artificial Neural Network Architecture, Activation functions, Preventing Overfitting; **Mini Practice:** Customer Churn Prediction using ANN.
- ➔ Image Processing Basics, CNN components, CNN workflow, **Mini Practice:** Fashion MNIST Classification.
- ➔ Transfer learning, Popular Architectures(Conceptual): VGG16, ResNet, MobileNet; Classification, Data Augmentation; **Mini Practice:** Cat vs Dog Classification.
- ➔ Model Evaluation, Model Optimization; **Mini Projects (Choose One):** Handwritten Digit Recognition (MNIST), Fashion MNIST Classification

Level : 7 NLP & Core Generative AI

- ➔ Text Preprocessing, Text Representation, NLP Applications, Text Vectorization; **Mini Project:** Movie Review Sentiment Analysis

• Computer / IT Job Oriented Courses • Job Placement • Final Year Project Training • Logo, Broucher, Visiting Card Design

• Spoken English / IELTS • College Admission • 15/45 Day's Internship • Website / Software / Mob.App.Development

Website:www.patelwebsolution.com

- ➔ Generative AI Fundamentals, Prompt Engineering, LLM Ecosystems, Practical AI Application, RAG, Responsible AI; **Mini Projects (Choose One):** Resume Analyzer, Document Question Answering, Customer Support Chatbot (Basic)

Level : 8 Time Series Analysis

- ➔ Introduction Time Series, Time Series Analysis, Time Series Components, lag features; **Mini Practice:** Analyze monthly retail sales data.
- ➔ Forecasting Models, Forecast Evaluation, **Mini Project:** Sales Forecasting

Level : 9 MLOps & Model Deployment

- ➔ MLOps and ML Lifecycle, Git and Github for ML Projects, Model Deployment Basics, Deployment Concepts Entry level; **Final Project:** ML Model Deployment

Level : 10 Responsible AI & Modern AI Landscape

- ➔ AI ethics fundamentals, Bias and Fairness in AI, Model Explainability, Data Privacy and Security, Model Governance
- ➔ Big Data Ecosystems Overview, Cloud and Scalable AI (conceptual), Modern GenAI ecosystems

• Computer / IT Job Oriented Courses • Job Placement • Final Year Project Training • Logo, Broucher, Visiting Card Design

• Spoken English / IELTS • College Admission • 15/45 Day's Internship • Website / Software / Mob.App.Development

Level : 11 Capstone Projects & Placement Preparation

PATEL WEB SOLUTION

We believe in quality

- ➔ Choose 1 Project: Credit Card Fraud Detection, Healthcare Disease Prediction, Loan Default Prediction, Customer Lifetime Value Prediction, E-commerce Recommendation System, Demand Forecasting (Time Series), Customer Segmentation (Unsupervised Learning), Insurance Claim Prediction, Sales Forecasting
- ➔ Capstone Workflow: Business problem understanding, Dataset exploration, Data cleaning & preprocessing, Feature engineering, Model building (ML/DL as applicable), Model evaluation, Hyperparameter tuning (basic), Insights & interpretation, Documentation of results
- ➔ Capstone Finalization, Resume Building, Github portfolio, LinkedIn Optimization
- ➔ Technical Interview Preparation, Mock Interviews

Benefits to join us

- ➔ 100% Guarantee Result
- ➔ Personal Coaching
- ➔ Interview Preparations
- ➔ Certificate of Course
- ➔ Job assistance

Duration and Fees

Duration : 9 to 10 Months

Fees : 90,000

1 Short Payment :

Join Us & Start Your Career Now!!
We Equip you to Get Job!!
